

# Go & Get It!

## #GirlScoutsatHome Troop Game

Go & Get It is a digital scavenger hunt that is a whole lot of fun! It gets the players up and moving and gets them to share a little bit about themselves. It's also a super simple game considering it has 2 rules:

1. You have 1 minute to get the items
2. You can't use the same object more than once

Once you have everyone in on the Zoom call (Google Hangout, Skype, etc.), explain the game to them and give them 1 minute per round to gather each item. With some items like their favorite book, movie, or mug, have them explain why it is their favorite thing to the large group. After each round, give them the points and move onto the next round/item. Also, the points are arbitrary, so feel free to adjust as much as you would like!
